**SAT COURSE
PRESENTATION**

THE COURSE

SAT Marketplace is ready to help your student reach their full potential. Lets break down the Standard Course:

- **Length of Course: 20 Hours**
 - **10 Hours of Math and 10 Hours of Writing/Language/Critical Reading**
- **Start the course off with a proctored test to use as a baseline for the student.**
 - **The proctored test follows the Official SAT Study Guide from College Board.**

COURSE ASPECTS

SAT Marketplace prioritizes using material and resources designed to give your student a leg up on test day:

- **We use the College Board's Official Study Guide for the Standard Course**
 - **This allows students to prepare with approved test material and get comfortable with the content seen on the test.**
- **Both remote and in-person classes use Stanford-trained tutors**
 - **These specialized tutors know the material like the back of their hand and have experience applying methods for academic success!**

WHY SAT MARKETPLACE

SAT Marketplace has a specialized set of values that will help your student succeed:

➤ **Unmatchable Flexibility**

- Tutors are trained to accommodate any learning challenges.
- Each course can be tailored to specific student's needs by focusing on certain topics more than others.

➤ **Invaluable Skill**

- Each tutor has the expertise to create a high quality learning environment focused on the needs of your student.

➤ **Full Dedication**

- Tutors are guaranteed to help your student REVIEW and PERFECT any forgotten or unfamiliar concepts.

SECRET TO SUCCESS

SAT Marketplace uniquely focuses on key and critical areas often overlooked by other tutoring services:

1. Test-Taking Strategies
2. Tips proven to help students **ACE** the test
3. Hints to make the test taking process less daunting
4. **BUILDING A MINDSET THAT HELPS STUDENTS GET THE RIGHT ANSWER EVERY TIME**

LONG-TERM BENEFITS

Only 45% of high school students feel positive about their college and career readiness. SAT Marketplace will help students build their academic confidence beyond standardized testing.

- Our methods are highly effective and focused on building the confidence and skills for students to learn how to self-study.
- Students **NEED** these skills to be efficient on standardized testing as well as in college classes.
- With the **SAT Marketplace tutors**, students can figure out what form of studying works best for them, while preparing for future academic success!

GET STARTED
